Sing City

26th March

Great Orchestra Experiment

Welcome Back!

We hope you have had a good summer and are ready to dive into a new academic year full of music, creativity and fun!

We are delighted to welcome back both new and returning students. Whether you are just starting your musical journey, or continuing to build on your skills, we're excited to support and inspire you every step of the way.

This academic year brings with it the consortium of Inspire and Nottingham Music Service, running the **Nottingham and Nottinghamshire Music Hub**. This new collaboration opens up fantastic opportunities, resources and experiences to young musicians.

This term is packed with exciting events that we can't wait to share with you! The first of these was our highly anticipated residential Music Camp, which took place from 9th September at the beautiful Ilam Hall in the Peak District. It was a brilliant way to start the year. More details about other events, such as our Music Network Meetings, Benedetti Residency and Christmas events will be sent out in the next few weeks.

Why not join one of Nottingham Music Service's exciting **ensembles**, where you can practise your playing or even try a whole new instrument? Whether you're a beginner or experienced, a drummer, violinist or singer, there's a group for everyone. Find out more on our [website!](#)
