

**Strangers**

# What is a STRANGER?

**A “stranger” is someone you and your family do not know.**

**A stranger does not always look mean or scary!**

You can NEVER tell how a stranger will be by their looks!

# **There are two kinds of “Strangers”...**

**THE FIRST KIND OF STRANGER IS “A GOOD STRANGER”**

**WHAT ARE SOME EXAMPLES OF GOOD STRANGERS?**

**Police Officer/PCSO**

**Firefighters/Paramedics**

**Adults in a school**

**School crossing patrol**

Sometimes people can seem nice, but they are trying to trick you.

Remember, if anyone makes you feel sad, scared or uncomfortable, you should talk to your grown-ups at home and at school.

Never get in a car with a stranger.

Never go anywhere on your own with a stranger.

# Say **No** Loudly!

It is OK to say **NO** to someone you  
don't know!

Say it loud and clear, let them know  
you mean it!

# **RUN AWAY**

**1. Make Lots of Noise**

**2. Run Away Fast**

**3. Find A Safe Adult**

**KEEPING**

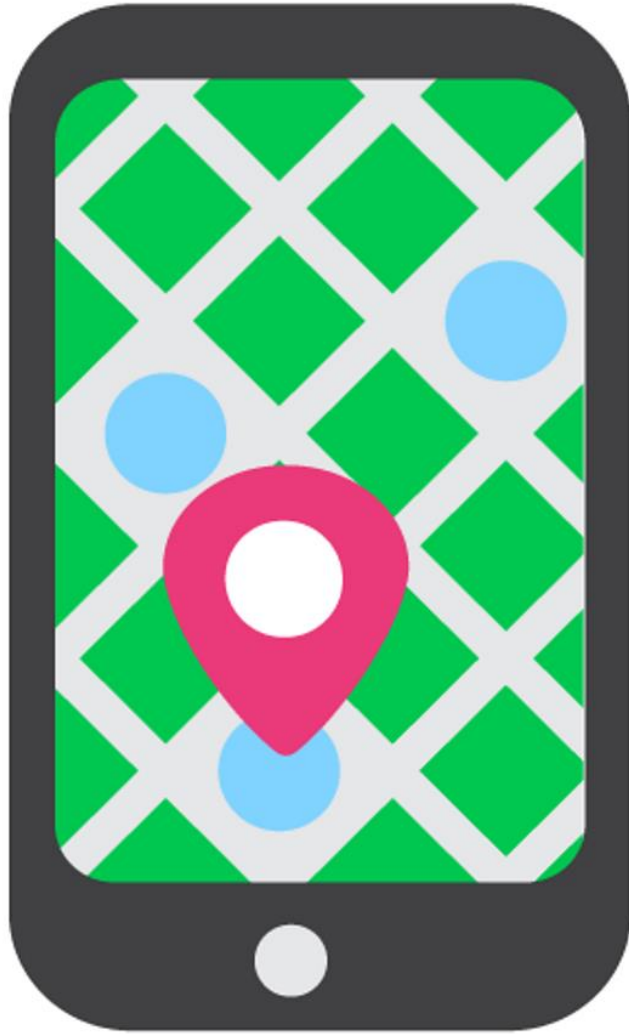

**SAFE ONLINE**

**How to protect your online identity?**

**The first rule to remember when you are online is to never share personal information with people you don't know well in real life.**

**This includes friends of friends, as well as complete strangers.**

**It's also very important to make sure others can't see your location details which can show exactly where you are.**

**This can be very unsafe. It's a good idea to check your account privacy settings and make sure your profile details and location information are not public.**

**Know who you're dealing with**

**It is a good idea to only play games or chat with people you know in person.**

**Sometimes online, you might meet people you don't know. Remember to treat them in the same way you would a stranger in the real world.**

**If you feel unsure about someone online, or they make you feel uncomfortable, stop contact straight away and tell a trusted adult.**

**People you meet online may not be who they say they are, so never arrange to meet someone you have met online in the real world.**
